If you would like to learn more about the issue of *(drug/topic of concern)* and what YOU can do to help, please attend our next coalition meeting on

*(Date, Time, Location)*

We will celebrate our first year's efforts, learn from a panel of local professionals just how big the problem of *(drug/issue)* is in *(town/county)*, and begin to develop our "plan of action" for the coming year.

Spend an hour, enjoy a light lunch, and learn how you can be involved in preventing the spread of this dangerous *(drug/issue)* within our community.

Although your attendance at the meeting does not require that you join the coalition, you are certainly welcome to do so!

Questions? Call *(Name, phone, email.)*
