

## Partnerships for Success Trainings

**Question, Persuade, Refer (QPR):** Learn how to recognize the warning signs of a suicide crisis. QPR trains gatekeepers to question, persuade, and refer someone to help. This course is approximately 3-6 hours and will be taught by trained instructors.

**Advanced Roadside Impaired Driving Enforcement (ARIDE):** Officers will learn how to observe, identify and articulate the signs of impairment related to drugs, alcohol or a combination of both. This is a 2-day course and is taught by DRE instructors.

**Drug Identification Training for Educational Professionals (DITEP):** Educational professionals will learn to recognize the signs and symptoms of drug and/or alcohol impairment. Goals of this training are as follows: prevent an impaired student from driving away from campus, and/or serve as a treatment intervention tool to reduce future instances of DWI. This is a 2-day (16 hours) course and is taught by DRE instructors.

**Prescriber Education:** This can be offered through a variety of trainings through a variation of settings. These trainings will vary in length, and CEUs may be offered.

**Substance Abuse Prevention Skills Training (SAPST):** Participants will be introduced concepts and knowledge needed to deliver effective, evidence-based substance abuse prevention, develop skills needed to apply this information to daily work, and guidance for implementing SAMSHA's Strategic Prevention Framework. This training takes place over 4 days.

\*All trainings will be offered by Marshfield Clinic. There are no registration fees. Participants are responsible for travel & lodging expenses. Meals may be provided during trainings.
